Rated 4 out of 5 by Anonymous from Awesome It's an awesome game and I like how you can make your own games on ROBLOX! Rated 3 out of 5 by Anonymous from It's alright I really like playing roblox. The only thing I don't like about it is that you have to pay for a lot of things. Rated 2 out of 5 by Anonymous from Worthless the only thing this app is good for is getting annoying ads Rated 1 out of 5 by Anonymous from This app should be deleted It has alot of ads and it doesnt let me play any games. I've tried to pay for it but I have to pay for al of the games.

In January 2021, Roblox permanently banned all accounts that were created by Arielle De La Rosa. The company said it was because of her "continued behavior", which included actions such as creating Emily Roe and harassing other users, as mentioned above. Although she had been blocked from Roblox for over a year, they said their original ban for her had been lifted in November 2021. They also stated that she could no longer be unblocked on their platform because of previous harassment reports against other players. The ban was not for her actions, but instead because of the continued harassment she had done.

14. The only way to get a game on Roblox or get updates onto a game is through requesting it by going to the developers profile on Roblox and requesting the game, as well as getting the updates, and other stuff that goes on within the platform. 15. When people talk about games that do not function properly or have glitches within them, they should not be punished or reported because it's not their fault that there are glitches within the game. 16. Instead of banning them, developers should be able to fix these glitches without getting banned. 17. People always say that Roblox is not a safe place for kids to go on but it's a safe place for kids to play and enjoy free games because all the games are fun and most of them don't have any inappropriate content. 18. I love Roblox so much! I will never ever stop using it...

The only way that these items have any value is if developers add more to the game and make them items that are actually worth something within your virtual world. If that happens then these fake items will be worth even more than what you paid for them originally because the developers added real content to the game.
